Version 1

Summary

Checking the entering of characters in the "Your Review" field with the invalid data

Preconditions

1.

The user is authorized on the website.

2.

The "Write a review" section on the product page is opened.

3.

The valid data in the "Your Name" field is entered.

#	Step actions	Expected Results			
1	Enter the invalid data in the "Your Review" field (length 24 or less characters, length 1001 or more characters; leave the field blank).	The entered text is displayed in the "Your Review" field.			
2	Mark the radio button in the "Rating" field.	The radio button is displayed as marked.			
3	Click on the "Continue" button.	The message about the invalid number of entered characters is displayed.
