Version 1

Summary

The account password recovery on the website with entering the invalid email

Preconditions

1. The user is registered on the website.
2. The user is not authorized.
3. The "My Account" page is opened.
4. The email page is opened in another tab.

#	Step actions	Expected Results			
1	Click on the "Forgotten Password" link in the "Returning Customer" section.	The "Forgot Your Password?" page is opened.			
2	Enter the invalid email into the "E-Mail Address" field (without @, domain name and .com, leave the field blank).	The entered data are not accepted, the "E-Mail Address" field is highlighted in red.			
3	Click on the "Continue" button.	The message about the invalid email address is shown, the "E-Mail Address" field is highlighted in red.
